FEW SURPRISES IN THE FINAL LINE-UP

Democratic Primary Entries Are Closed

Aldermanic and Councilmanic Candidates Are Scarce—Plenty for School Board.

BIG RACE FOR CITY JAILER

Few surprises are contained in the make-up of the Democratic primary ticket. The entries closed last night at 12 o'clock. J. Wes Orr entered the race for assessor against Stewart Dick the incumbent, Col. Dick Sutherland deciding not to run against Mr. Dick.

The ticket is still shy one aldermanic candidate, there being five places to fill, on account of the resignation of John Little, whose place was temporarily filled by the appointment by Mayor Yelzer of Frank B. Smith.

There are only five entries for the seven councilmanic positions. The resignation of George Shelton, of the Fifth ward, to whose place Eugene Tuttle was appointed by Mayor Yelzer, leaves two vacancies in the Fifth ward. No one has entered for the First and Sixth wards.

The primary ticket as made up at midnight last night is as follows:

Murderer Caught.

Marvin Boren, the railroad switchman, who fatally stabbed Patrolman Patrick J. Doud at Cairo, was caught yesterday at Fulton and is being held pending requisition papers.

WEATHER FORECAST.

FAIR.

Generally fair and continued warm tonight and Sunday. Highest temperature yesterday, 87; lowest today, 65.

THAW'S SIDE.

New York, March 23.—Thaw's lawyers today completed the preparation of evidence on which they believe Justice Fitzgerald will decline to appoint a lunacy commission to examine their client. They express the greatest confidence that on the showing their affidavits on documentary evidence, Fitzgerald will rule against the commission.

DIED SINGLE.

Des Moines, Iowa, March 23.—Currie Tillotson, a wealthy blind woman, was burned to death today while starting a fire in her home. Several weeks ago Miss Tillotson advertised for a husband and was about to make a selection from 100 men of this state, who had proposed to her.

AWFUL FAMINE.

Shanghai, March 23.—Reports from the famine area indicate the famine condition will become so serious as to exceed in horror the great famine in India. Hundreds are dying every day. Diseases, which have started among the sufferers, are spreading rapidly and striking down the weakened people like a plague. Civic committees are preparing to send out appeals broadcast to the world.

BLACKBURN'S PAPERS.

Washington, March 23.—President Roosevelt today signed the commission for former United States Senator Blackburn, of Kentucky, as member of the isthmian canal commission.

FRENZY SUBSIDES.

Fort Worth, Texas, March 23.—Mr. Thomas Gambler, who killed one man and wounded another last evening, and then shot himself after his gambling house was raided, is still alive, but will die. A mass meeting was called by leading citizens with the object of driving every gambler and lawless character from the city. The frenzied excitement of citizens has partially subsided and the city is more quiet today.

GRAIN MARKET.

Cincinnati, March 23.—Wheat, 79; corn, 50; oats, 57.

EARTHQUAKE.

Kingston, Jamaica, March 23.—A severe earthquake shock occurred here last night. People are panic stricken but nobody was hurt. A number of walls damaged by the big shock were thrown down. Speaker Cannon and other American tourists just missed the experience, their ship having sailed shortly before shock occurred.

CAUSE OF SLUMP.

New York, March 23.—It is persistently reported on Wall street that the continued stock slump is due to the determination of J. Pierpont Morgan and the Rock Island crowd to eliminate E. H. Harriman. Harriman, it is said, is having difficulty in getting loans, and many banks from which he formerly obtained aid, have refused to furnish him funds.

New York, March 23.—Pessimistic European reports were directly chargeable for another wild day on stock exchange. After a feverish half day which was marked by falling off in prices, the close showed the lowest figures of the day. Liquidations for a time betrayed almost a panicky condition.

WHITEWASH BRUSH FOR LOUISVILLE

Votes of Thirteen Precincts Thrown Out But Judges Absolve Democratic Candidates From Responsibility

UNFAIR MUNICIPAL ELECTION.

Louisville, Ky., March 23.—Chancellors Miller and Kirby this morning decided the Louisville election contest in favor of the Democrats. The only Democrats losing out are Magistrate P. T. Sullivan and Constables Neiligan and Miller. Miller's office goes to Farmer, a fusionist. The chancellors threw out the vote in 13 precincts but held that the Democratic candidates were not responsible for the violence which prevented a fair election in these precincts.

Since the general council has given permission to the Daughters of the American Revolution to erect a fountain at the Broadway entrance of the market house, and set apart ten square feet for the purpose, it is announced that the fountain will be the gift of Mr. Joseph L. Friedman, as a memorial to his father, Leopold Friedman. Mr. Friedman is now at Hot Springs, Va., and will go from there to New York to choose a design for the fountain. It will be of a design suggestive of the American war for independence and will be a handsome affair.

CARMAN HELD ON THREE CHARGES

Passed Two Bad Checks. It is Alleged, and Committed Forgery in Connection With Bank Deal Yesterday

MAYFIELD MAN IN TROUBLE.

C. L. Carman, of Mayfield, who it is alleged secured \$50 from the American-German National bank and \$20 from C. E. Blacknall, a saloon-keeper, was held over in three cases this morning, two for obtaining money by false pretenses and one for forgery.

Carman is from Mayfield. He came to Paducah yesterday and going to C. E. Blacknall's saloon on Ninth street near Kentucky avenue, presented a check on Exchange National bank of Mayfield, signed by himself for \$20. The money was paid, but on telephoning to the bank Blacknall found that Carman had no money on deposit there.

Carman came into Broadway and cashed a check at the American-German National bank for \$50. It bore the endorsement of S. B. Gott, the saloon and restaurant man. The forgery was discovered a little later and Carman's arrest followed.

NO REPLY IS RECEIVED BY GERMAN LUTHERANS

No reply has been received from the Rev. E. H. Pieper, of Waterloo, Iowa, who has been called to the pastorate of the German Lutheran church. Dr. Pieper was granted until March 30 to confer with his congregation, and no reply is expected until the first week in April.

TWO MEN SCALDED.

Two men were scalded, Grimes, two firemen of Fulton, were brought to the Illinois Central hospital this morning on the 11:20 passenger train, with terrible wounds from being scalded. The engine on which they were working was sidetracked by another engine in the Fulton yards and the cab of their engine was demolished with the boiler, sending showers of boiling water over their bodies. Murrell's face, neck and arms were scalded. Grimes was so badly injured that he could not walk, the skin having peeled off a large part of his body. Temporary dressing was given the injuries at Fulton.

HOUSEWIFE PUTS THIEF TO FLIGHT

Mrs. W. R. Hudnell Engages in Fierce Struggle

Coming Home, She Finds Strange Negro in House—Seizes Poker When He Advances.

MEN ARE SCOURING COUNTRY

In a desperate battle with a negro sneak thief this morning at 9 o'clock, Mrs. W. R. Hudnell, residing opposite the south end of Wallace park on the Broadway road, was bruised, but succeeded in routing the negro. Immediately news of the assault was telephoned to the city hall and attracted many to the house, within a short time after the battle several armed men were scouring the woods for the fellow. The greatest excitement prevailed and patrolmen and detectives from the city force were detailed, but were unsuccessful in capturing the negro, because of the start he had.

Mrs. Hudnell is the wife of a well-known representative of the Fairbanks-Morse company of Chicago. He was at the city hall this morning to prosecute a negro for stealing tools. His wife was alone at home, and had stepped down to Schmaus Bros' green house, a little more than one square away.

"I locked all doors except the kitchen door," Mrs. Hudnell said, "and I did not intend to remain long. On returning I found a black negro about 5 feet 4 inches high, dressed in overalls and wearing a cap, seated in my kitchen. He was eating my preserves and I asked him what he meant. He arose and started towards me."

"I came to borrow a rake for Charles Porter, who lives over there. My name is George Porter," was his reply.

"I was very angry at the intrusion and ordered him out. He made a lunge at me and I grabbed up a small stove poker. I struck to ward off his attack, but he wrenched the poker away from me. Next I grabbed him to prevent him using it, but he jerked it away and dealt me a blow in the breast. I fell back and he made a dash for the door. It was locked and he tried for the next, a few feet away. The rear end of my kitchen is one big solid window, and he fell against it, breaking out a large portion of the glass."

"I saw him leap out of the house and start towards the Broadway road in the rear of Schmaus' green house. As soon as possible I summoned neighbors, but he had gained too great a start."

Mrs. Hudnell is a strong woman. "wsl. could have killed him," she declared, as she surveyed his wreck. Every dresser, washstand, and in fact, everything in the house had been ransacked. Mrs. Hudnell misses nothing, but found after the excitement that the negro had wrapped up several suits of underwear and some shirts belonging to her husband. He doubtless intended taking them when surprised by Mrs. Hudnell's appearance.

Mr. Hudnell hastened home from the city when notified. Procuring a shotgun he started after the negro. Taking the route indicated by persons, who had seen the fugitive running, he found himself at Twenty-fifth and Caldwell streets. He turned back, determined to secure a horse and continue his search. He was told that a negro, answering the description, had preceded him but a few moments. Hudnell is bent on capturing the negro, if he has to ride to Mayfield.

Detective Will Baker with Patrolman James Brennan secured a horse and buggy and visited the Hudnell home. They took no part in the chase.

An investigation showed that no one by the name of Charles or George Porter lived in the vicinity of Arcadia.

Mrs. Hudnell was sorely bruised, but able to perform her household duties this morning. She states that she struck the negro one sound blow with the iron poker while she held it, and remembers of tearing his shirt nearly off as they wrestled for possession of the weapon.

At the East Baptist services will be held tomorrow morning and evening. Preaching by the Rev. E. H. Cunningham.

BANK CLEARINGS SHOW INCREASE

Indicate a Steady Growth of Mercantile Business and Industries and Heavy Movements of Tobacco

WORK WILL OPEN NEXT MONTH.

Bank clearings \$780,567
Same week last year \$640,719
Increase \$148,848

If the bank clearings continue week by week to exceed the corresponding week of last year, as they have in the first three months of this year, Paducah banks will make a remarkable showing at the close of 1907. It means that the retail stores, the wholesale houses, the manufacturing plants, and the farming interests all are enjoying larger business than they did last year. There is little idleness in the city, and the demand for skilled and unskilled labor grows as spring opens up. Soon several large construction jobs will be under way, and the resumption of the public improvements stopped in cold weather, will make prosperity rampant.

PADUCAH ALUMNI FIXES ARBOR DAY

Since there is no legalized Arbor day in Kentucky, the Alumni association has decided to set a date and the first Monday after Easter, probably will be the date. When Edward O. Leigh, secretary to the governor, was in the city this week, he informed the Alumni association that Hubert Vogel, commissioner of agriculture and forestry, had been asked to name the date. Believing that no action would be taken by the state officers, April 1 was selected. The program has not been completed for the exercises accompanying the planting of a cherry tree on the grounds of the Washington building, but it will be next week.

L. A. Hanson, of Mayfield, member of Post 116, G. A. R., has been appointed assistant inspector general of the national organization. The forty-first national encampment will be held at Saratoga Springs, New York, in September.

THEATRICAL NOTES

AT THE KENTUCKY.

Tonight, Willard Mack and Maude Leone and company in "Brown's in Town."

Next week, Willard Mack and Maude Leone and company in repertoire of standard comedies. Matinees Wednesday and Saturday.

Old Favorites Back.

After a week's absence, Willard Mack and Maude Leone with their excellent stock company, return to The Kentucky for their third week this afternoon. Tonight the bill is that "laugh a minute" farce, "Brown's in Town." This comedy is one of the few that live, because its mirth provoking qualities are so natural and irresistible.

Beginning Monday night the company will continue to present to Paducah people the series of standard comedies which has made such a remarkable hit during repeated engagements. Many of these pieces, which are presented in good taste and costumed correctly, are seldom seen any more outside of regular stock houses in the cities. The usual traveling repertoire company not carrying them, and the old theatergoers are finding it impossible to deny themselves the opportunity of witnessing these revivals. The popularity of the plays suggests the advisability of some stars dropping their search for new material and giving the public revivals of the standard drama, which stock companies now monopolize. There may be one or two repetitions next week of plays by request, but aside from these the repertoire will be fresh. Matinees Wednesday and Saturday.

CAMPAIGN TO BE DRINKLESS

Republicans and Democrats of Kalamazoo in Unique Agreement.

Kalamazoo, Mich., March 23.—At a conference held this afternoon at which City Chairman Biggerstaff of the Republican committee and Chairman Buckout of the Democratic committee and several of the candidates for city office on both tickets were present, it was practically agreed that the ten days' campaign for city offices here this spring would be drinkless, cigarless and carriageless, so far as the political organizations are concerned.

Although the Socialists, Prohibitionists and the Good Citizens' league have tickets in the field, they were not consulted by the two leading parties and have not entered into the agreement, which provides that no candidate shall give away a cigar, buy a drink or rent a carriage.

How to Cure Constipation

Few people altogether escape a disorder of the bowels. You may catch cold, over-eat, over-drink, worry too much, not exercise enough or do a hundred and one other things that result in constipation or costiveness. When the trouble comes it is well to know what to do for it. In the opinion of thousands there is no better cure for constipation than Dr. Caldwell's Syrup Pepsin, which anyone can obtain for 50 cents or \$1 at a drug store. We all have constipation occasionally, and the sensible thing to do is to have a bottle of this remedy always in the house. You take it at night on retiring, for example, and when you wake up in the morning at your usual hour it produces its results. Your stomach instantly becomes lighter, your head clearer, your eyes brighter, you feel active and spry once again. Your appetite has returned and you are ready to work with enthusiasm and vigor. All this may have taken more than a dose or two, at a cost not to exceed two or three cents. Can you afford to feel bad when you can feel good so little?

Dr. Wilson Brown, of Metropolis, Ill., has no hesitancy in saying that Dr. Caldwell's Syrup Pepsin is the greatest of all laxatives and he frankly admits to his patients that if they used it when the stomach, liver or bowels got out of order they would have less need of him. It is without doubt the best cure for occasional or chronic constipation, dyspepsia, biliousness, jaundice, sour stomach, lazy liver, flatulency, diarrhea, and similar troubles in old and young. It is a thousand times better than salts or purgative waters, acts gently but surely, is pleasant to the taste, does not gripe, and cures permanently.

Go to your druggist and get a 50-cent or \$1 bottle and see if our claims are not justified.

FREE TEST Those wishing to try Dr. Caldwell's Syrup Pepsin before buying can have a free sample bottle sent to their home by addressing the company. This offer is to prove that the remedy will do as we claim, and it only costs to those who have never taken it. Send for it if you have any of the above mentioned troubles. ...THE WEEK IN SOCIETY...

SPRING SHOPPING.

I've read long ago that "way under the snow" the flowers rush 'round without stopping. Selecting new dresses, with hats to match, is their season for shopping.

The violet growing is quite busy sewing. Her old purple suit all retrimming. The skirt needs more gathers, the hat some new feathers. This spring shopping sets her head swimming.

With voices all mellow the daffodils yellow. Consult on their gowns quite excited. "Look!" says the arbutus, "this color will suit us." And each takes her pattern, delighted.

The primrose stands thinking, the daffodils need pinking. Now who underneath here can do it? "I'll call on Miss Murtle, though slow as a turtle. If she makes the gown I'll not rue it."

The tulips together, not minding the weather. Rush down for their silks in a hurry. Some choose pale pink, tender, or scarlet, hued splendor. With gay velvet stripes, soft and furry. They bustle and bustle and have a hard tussle. To get their gowns ready in season.

So when buds, though hardy, are backward and tardy. We know now it's not without reason.

—Irene E. Benson.

Society's Busy Week.

While the week has been quiet socially, no one has seemed to mind it, for it has been everybody's "opening week," and all one's five senses have been needed to take it in. Nowadays the spring openings rival the modern private entertainments, in the elaborateness and effectiveness of their decorations, the music playing throughout, the flowers given as souvenirs, and the dressed-up appearance of everybody on duty. The charm and beauty of the Spring-time has never been more strikingly brought out than in the pretty displays of the past week. The dainty, airy fabrics, silks, "ribbon and laces to set off the faces." And the hats! Well, they are "Creations," indeed! This year. Woever

suggested that "triolets, violets, sonnets and bouquets" went together, surely had this year's millinery in mind. It is safe to prophesy that the hatless fad will be confined to those who do not get a 1907 creation. No one who succeeds in getting a fetching style that becomes her, will ever want to go without it, but therein lies the trouble. The shapes are enchanting, here a droop, there a tilt, suggestive altogether of youth, springtime, beauty, coquetry, yet demureness withal. And they are adorned with all the flowers and fruits that our child-minds stocked the garden of Eden! Perhaps, it is looking on them that has intoxicated Luther Burbank to desire "to plant paper primroses in the wheat field in the hope that he may grow an attractive natural straw, self-trimmed Easter hat for next year's market," but it is doubtful if even the horticultural wizard can rival these. Even the windows have been incited to totter and go "window-wishing" this week, if one were not dressed in enough "gad rags" to attend the swell functions within.

This week we have all been looking next week every one will be busy with their Easter costumes, so there is prospect for especially few social affairs on the calendar.

Reception of Interest Here.

In describing the brilliant reception recently given in Dallas, Tex., by the Dallas Women's Forum, Beau Monde of that city makes special mention of Mrs. Victor Voris of Kentucky, her mother, Mrs. J. H. Shelly, one of the club presidents who were in receiving line, and Mrs. Fred Fleming, whose husband was a former Smithland, Ky., man, well-known in Paducah and says in part:

"The reception given by the Dallas Women's Forum complimentary to Amelia Bingham yesterday from 3 to 5 o'clock caused a great flutter and furore among the club contingent. By midhour there was a great crush and Miss Bingham was given perhaps one of the warmest welcomes she had ever received. It was a regular Texas clubwoman's ovation, and one that will, no doubt, be cherished by the brilliant actress. In honor of her play, 'The Lilac Room,' the large reception room of the Forum, over the Jesse French company, was dressed up in lilacs and wisteria banked in with palms and ferns with the lilac theme further carried out by softly shaded lights and ribbon badges worn by the reception committee. Mrs. E. P. Turner, ex-president of the State Federation and president of the Forum, headed the line and presented Miss Bingham, assisted by Mrs. Fred Fleming, president of the Dallas Free Kindergarten, Mrs. J. H. Shelly, Mrs. Victor Voris of Kentucky, etc."

Standard Club Entertains.

The Standard club entertained very pleasantly at euchre on Wednesday evening at the club rooms on Broadway. The ladies' prize was won by Mrs. Henry Weil. The gentleman's

Recital a Social Event.

The initial appearance of Mr. S. H. Clark of the Chicago University in Paducah under the auspices of the Paducah Woman's club, at the Kentucky theater on Wednesday, was made a social occasion worthy of a notable event. The rigors of Lent were laid aside and one of the most brilliant audiences of this season gathered to do honor to the occasion. Mr. Clark gave a dramatic recital of Stephen Phillips, "Ulysses," and made his hearers realize the charm and power of ancient Greece and the Trojan heroes as never before. He was masterly in his rendition of the poetic drama.

The box parties of the evening were:

Mr. and Mrs. James A. Rudy, Mr. and Mrs. Henry Rudy, Mrs. Henrietta Jackson, of Denver, Col.; Mr. Will Rudy, occupied the Rudy box.

Mrs. John W. Keller, Mrs. Milton Cope, Miss Anita Louise Keller, Miss Elizabeth Kirkland, and Miss Lucia Powell were in the Keller box.

Mr. and Mrs. Robert Becker Phillips, Mr. and Mrs. Hal S. Corbett, Miss Anna Webb and Mr. Muscoe Burnett.

Dr. I. B. Howell and Miss Belle Cave, Mr. Charles Cox, and Miss Frances Wallace.

After the recital Mr. and Mrs. Rudy entertained Mr. Clark and their box party very delightfully at supper at the Palmer House Cafe. Mrs. Rudy is the president of the Woman's club.

Woman's Club.

The Woman's club met on Thursday afternoon at the parish house of Grace Episcopal church. The business session was a short one and was largely routine.

The "open meeting" was in charge of the Musical department of the club and an attractive program was rendered. The French composer Bizet and Godard were featured. Miss Elizabeth Nash gave the biographical sketches. Mrs. Will Clark rendered a violin solo, and Miss Isabel Mohan a piano number. Miss Mayme Dryfuss and Mr. Emmet Bagby sang. Miss Virginia Newell discussed "The Opera Peri and Wagner."

The April open meetings of club will be in charge of the Civics department, April 4, and Educational department April 18.

Kalosopic Club.

The Kalosopic club at its meeting on Friday morning with Miss Kathleen Whitefield entered on the study of the Elizabethan drama. Delightful papers were given by Miss Frances Wallace, Miss Elizabeth Sinnott and Miss Belle Case, discussing Marlowe, Peele and Shakespeare's early comedies. "Much Ado About Nothing" was read by the club. Miss Ethel Brooks presented "Current Topics" in an interesting way.

Choral Club.

The Choral club held its first meeting since the organization, on Thursday evening at the Kentucky avenue Presbyterian church. There was a large attendance and a practice of chorus work was begun. The meetings will be held weekly. It is possible that Prof. William Deal will take the leadership of the Choral club.

Pleasant Occasion.

A very delightful musical and social entertainment was given on Thursday evening at the home of Mrs. J. W. Lewis 1008 Trimble street, under the auspices of the Ladies' Auxiliary to the order of Railway Conductors. The house was attractively decorated in the colors of the order, red, white and green. The musical program was given by Misses Isabella Griffith, Ethel Calisal and Mr. Owen Tully. There were a number of enjoyable social features. It was a largely attended affair.

Complimentary Surprise Party. Mrs. Walter Dassing was given a pleasant surprise party by a number of her friends on Thursday evening at the home of her parents, Capt. and Mrs. A. Peck, 521 North 6th

Easter Dates.

Easter, falling on so early a date this year, makes some Easter statistics interesting.

The earliest date on which Easter can fall is March 22. The moon must then be full on March 21, and that date must be a Saturday. Such a combination of circumstances has fallen as early as March 22 in 1093, in 1761 and in 1817, and it will fall on March 22 again in 1929, 2076 and 2144.

The latest date on which Easter can fall is April 25. That happened

in 1666, in 1734 and in 1886. It will happen again in 1943.—Detroit News

Daily Thought.

"By and by" is a street which
leads to the house of "Never."

GRANDMA TELLS ME—

Our esteemed Democratic contem-
porary turns from the contemplation
of its own factional row long enough
to give us this sage warning:

There is a growing movement
of anxiety forming in the local
Republican ranks, and there is
becoming distinctly noticeable a
spirit of regret over the long de-
lay being made on the part of the
leaders in formulating the date of
the primary or mass convention.
The opinion seems to exist that
the Democratic candidates, with
several months' service in the
lime light, will have gained such
a lead that the Republican nomi-
nees may scarcely hope to get
in calling distance. Then, too,
the outlook is anything but flatter-
ing for the chance of any
Republican nominee slipping
into office, so one can not wonder
at the lack of interest that now
seems to fill the Republican
ranks.

To arouse enthusiasm there
must at least be a spark of hope.
In this instance the last spark
has long since ceased to glow.

Ah, what pity is here, what ten-
der regard for a rival from whom
the last spark of hope hath departed.
Especially is this sympathy precious,
when our solicitous contemporary
suggests that "one can not wonder
at the lack of interest," and then
records "a growing movement of
anxiety forming in the local Repub-
lican ranks." Aside from the un-
warranted interest displayed by the
Democratic organ, isn't it remarkable
that the party in which the "last
spark of hope has ceased to glow,"
should become so restless over the
"long delay in formulating plans for
a primary or mass convention?"

We have not a glimmer of doubt
that the Democratic organ is per-
fectly correct in its reflection of Re-
publican sentiment. Naturally Re-
publicans are restless under the re-
straint. Well, the election is only

a little over seven months away, and
we must be getting busy. The Dem-
ocrats, who are having a love feast
and telling the voters all the nice
things they can about each other be-
fore the primary, will have bought
all the bums and floaters seven or
eight times over, before the Repub-
lican candidates have a chance to
contribute to the entertainment of
the great American suffragists.

There can be no question that the
Republicans, who find expression
through the editorial columns of the
Democratic organ, desire, "O, with
such desirousness, a primary or con-
vention—one before the date set for
the Democratic city primary if pos-
sible, and everything is possible to
Republicans when they heed the ad-
vice of the Democratic press.

And think of the advantage the
Democrats are enjoying with their
candidates experiencing "several
months' service in the lime light."
We have been wondering what kind
of a light Charles Reed and Tom
Harrison have been throwing on
each other. Now we know. We
didn't think of time, because they use
that in whitewash and we were satis-
fied the Democratic candidates are
not whitewashing each other. If the
Democratic candidates can prove ev-
erything they are saying about each
other, it will be disastrous for a
Republican to get "within calling
distance."

Oh, you dear, fatuous, disingenu-
ous, old granny! Of course, we shall
do just what you say. That "growing
sentiment," that "noticeable
spirit of regret," that "opinion that
seems to exist," that "outlook that
is anything but flattering," that "lack
of interest," that "spark of hope"
—all these tell us that what
you leave unsaid, more than what
you say, must be true.

And yet, it is possible, that the
Republicans of Paducah will delay—
delay until the Democrats have said
everything they can think of about
each other, until one for each office
has been nominated and the others
are sore, and then the Republicans
will nominate some clean, honest citi-
zens, who haven't had any lime light
thrown on them, and elect them. The
Democrats are holding their city pri-
mary early "to give the successful
candidates time to live down their
past, and people time to forget all
the things they saw when the light
was thrown on the candidates by
their opponents. There will be six
months after the primary for the
campaign. In the meantime that
"lack of interest in the Republican
ranks," and that "growing move-
ment in Republican ranks," may get
together and blow on that deceased
"spark of hope," and maybe it will
give a little flicker. Who knows?

We would not have one of the 65
indictments against Boss Ruef, of
San Francisco fall; but what's the
use of prosecuting the Ruefs of this
country, if we can not reach the fel-
lows who make the Ruefs possible.
If our grand juries would make it
dangerous to bribe politicians there
would be less temptation thrown in
the way of our public men.

Chicago is having one of the hot-
test municipal campaigns in its his-
tory. The election is the first week
in April and the nominations were
made only two weeks ago. That
seems to be sufficient time for the
campaign in a city of nearly half a
million voters.

It was through inadvertence THE
SUN yesterday classified Mel Byrd,
Sr., of the First ward, as a member
of the present school board. We had
no desire to handicap Mr. Byrd—in
his race.

Democrats would do well to study
the school board campaign well, and
ascertain who were responsible for
the announcements of the several
candidates, and what they stand
for.

UNFAIRNESS REBUKED.
The appellate court, in declaring
unconstitutional the redistricting bill
passed by the general assembly of
1906, rebuked unfairness in strong
terms and leaves the mistaken lead-
ers who planned the act in a position
at once humiliating to themselves
and embarrassing to the Democratic
party in Kentucky.

In the opinion of the appellate
court the constitution does not pro-
vide that equality of representation
shall be exact, but that it shall be
such as is suggested by ordinary
knowledge and a sense of common
justice. The act under discussion is
held to be grossly violative of Section
33 of the Constitution, in that the in-
junction as to equality between dis-
tricts was not even pretended to be
obeyed by the general assembly.

"We have before us," says the
court, "twelve Democratic counties,
each constituting a separate district,
the population of the largest of which
is 12,137 and the smallest 7,407,
each given a representative. . . .
The unit for representation is 21,471.
Some of these counties have less than

one-half of the unit of representa-
tion, and the rest have little more
than one-half, while there are twelve
Republican districts, composed in a
large part of two or three counties
each, the smallest of which districts
has a population of 30,615, and the
largest 53,263. The first twelve dis-
tricts, composed of one county each,
have an aggregate population of 124,
933, while the aggregate population
of the second twelve districts is 466,
451. The first twelve districts are
entitled to six representatives, tested
by the average ratio, but are given
twelve."

In the language of the court,
"equality of representation is a vital
principle of Democracy, and in pro-
portion as this is denied the govern-
ment becomes oligarchical and mon-
archical, and republican institutions
become impossible."

An excerpt from the opinion fol-
lows:

"Inequality of representation is a
tyranny to which no people worthy
of freedom will submit tamely. To
say that a man in Spencer county
shall have seven times as much in-
fluence in governing the state as a
man in Ohio, Butler and Edmonson
counties, is to say that six men in
those counties are not represented in
the government at all; they are re-
quired to submit to taxation without
representation. It was this kind of
oppression which inspired the great
struggle for freedom which began on
the green at Lexington in 1775, and
ended at Yorktown in 1781. Equality
of representation is the basis of pa-
triotism. No citizen will or ought
to love the state which oppresses
him."

"Honesty is always the best policy.
In the business of government as well
as in private business. Law-making
bodies that do not recognize the
principle as the basis of successful
government, not less than the pro-
moters of business enterprises, build
their houses upon the sand, and in
time the winds blow and the rains
fall as surely as night follows day.

The Democratic party in Kentucky
must retain its supremacy, not by
gerrymanders conducted under the
rule of the game of chuck-a-luck, un-
der the guidance of short-sighted
politicians, but by getting back to
first principles and appealing to the
majority, not by protestations of a
degree of honesty and decency never
possessed and never to be possessed
by the republicans, but by the proof
of it. . . . In touching upon the re-
districting act of 1893 the appellate
court makes a suggestion that might
well be taken as a hint. A Demo-
cratic legislature will be elected next
fall. It should go to Frankfort
pledged to correct whatever evils ex-
ist under the law referred to. The
cloud upon the horizon is something
bigger than a man's hand. Another
rain-making movement like that
which resulted in the enactment of
the jerry-mander law of 1906 might
cause a storm of no small proportions
and of far-reaching results.

In discharging its duty fearlessly
the appellate court has done valuable
service to the state, and incidentally
dropped a word to the wise which
would be sufficient.—Courier-Journal.

band's fault for the purpose of hid-

LABOR SEEKS TO LIMIT COURTS

Would Have Supreme Tribunal De-
cide Constitutionality of Laws.

Washington, March 23.—An ef-
fort will be made at the next session
of congress by organized labor to
secure the passage of an act depriving
federal courts inferior to the
supreme court of the United States
of jurisdiction to pass upon the con-
stitutionality of laws.

C. A. Wilson, representing the
firemen and engineers; J. J. Durma-
dy, the telegraphers; Frank J. Haw-
ley, the switchmen; H. R. Fuller,
the trainmen, and W. Broggins, the
railroad clerks, affiliated with the
American Federation of Labor, ap-
peared before the executive council of
that organization today, and, basing
their argument upon the recent de-
cision of Judge Evans at Louisville,
declaring the employers' liability act
unconstitutional, demanded that the
organization advocate a law impos-
ing sole jurisdiction in the supreme
court of the United States to deter-
mine the constitutionality of acts of
congress.

It is understood that the federa-
tion will urge the desired legislation.

March Is a Trying Month.

"Nor love, nor honor, wealth nor
power,
Can give the heart a cheerful hour,
When health is lost. Be timely wise,
With health all taste of pleasure
flies."

March is conceded by local phy-
sicians to be the worst month in the
year in Paducah, in the point of the
extent of sickness. The quick changes
in the temperature, warm one day,
chilly, with penetrating winds the
next affect the physical condition
probably more than any season of the
year.

The only safeguard therefore is to
get yourself in good condition. The
liver, the blood, the kidneys, the
skin should be in first class order or
you can not stand the trying month.
Osteopathy, quickly, naturally re-
store any disarrangement to any of
these essentials of good health. The
torpid liver, the disordered kidneys,
the poor blood supply or circulation
readily yield to its health giving
methods.

The treatment is simplicity itself.
Sane, rational, without the use of
harmful drugs. It cures by scienti-
fic manipulation to restore the normal
functions to each organ. It recog-
nizes, appreciates and uses proper
diet, air, water, exercise and other
natural hygienic measures, too.

A trite saying is "Seeing is believ-
ing," so I shall be pleased to refer
you, if you are interested, to any num-
ber of people you know well who can
attest to the virtues of the treatment
in liver, stomach, bowels, rheumatic,
asthma, malaria, neuralgia and
nervous condition.

present maximum. It is calculated
that this will give sufficient new wa-
ter to irrigate another million acres
of northern Egypt, which, it is es-
timated, would yield an increased cot-
ton crop to the value of \$17,500,000
to \$20,000,000 annually. It is stated
that the work will take six years to
complete and that it will cost \$7,500,-
000.

NORTH SIDE RESIDENTS
TERRIFIED LAST NIGHT.

North Side residents were fright-
ened by the strange actions of a low
built, heavy set, black whiskered white
man last night. The first heard of
him was at the residence of Morris
Hirschfeld, 422 North Fourth street,
about midnight. The fellow rang the
bell and demanded that Mr. Hirsch-
feld "come out." Mr. Hirschfeld
switched on the light and asked the
intruder what he wanted. "A bed,"
was the answer. Mr. Hirschfeld pre-
sented a revolver and the fellow re-
tired to the sidewalk and demanded
that Mr. Hirschfeld join him. The Broadway

door was slammed shut and the light
turned out. The stranger retired and
was heard of near Sixth and Madison
and Ninth and Trimble streets later.
Every time a man met him at the
door. Police are looking for the
stranger.

Washington, March 23.—No account of a theft of the plans of the battleship Nebraska, from the desk of the superintendent of construction at the Moran Brothers' shipyards at Seattle, Wash., has been reported to the navy department. The department does not take the reported theft seriously, as dispatches from Seattle indicate that it is only the booklet of plans that is missing, and this booklet, it is said, does not contain various plans of mechanism which it is especially desired to keep secret. Officials of the bureau of construction said today that practically everything that is contained in the booklet has heretofore been made public.

State Revenue Agents Liable for the Costs.

A decision was received from the court of appeals today by Attorney C. C. Grassham, which is expected to affect the operation of state revenue agents. In the case of George Landram, revenue agent, against J. M. Chaudet of Livingston county, the judgments of the lower court were sustained, in favor of the plaintiff. Landram sued for back taxes on a farm owned by Chaudet. Chaudet had listed the farm at 500 acres and Landram figured it out at 630 acres. He sued for taxes on the difference. In losing the suit Landram must pay the costs under the new law, and as they will be \$100 the activity of state revenue agents is expected to be limited somewhat.

RHEUMATISM BREAKS DOWN THE STRONGEST CONSTITUTION

Rheumatism is caused by a sour, acid condition of the blood, brought on by chronic constipation, weak kidneys, poor digestion and a general sluggish condition of the system. Because of these irregularities the refuse and waste matters of the body are not promptly expelled, but are left to sour and ferment, producing irritating acids which are taken up by the blood and distributed to all parts of the system. This acid matter weakens and diseases the blood so that instead of supplying the body with nourishing, healthful properties it deposits the poison with which it is loaded into the muscles, nerves, bones and joints, and Rheumatism gets complete control of the system. Some suffer almost constantly with the disease, while others have intervals of freedom, during which they live in constant dread of the next attack, when an exposure to cold or dampness or some other irregularity will cause the symptoms to return. If the cause is not removed Rheumatism will progress and reach a point where it becomes incurable, and the strongest constitution will break down. S. S. S. has been curing Rheumatism for more than forty years. It attacks the disease at its head by going down into the blood and removing every particle of the acid matter and building up the blood to a state of purity and richness. S. S. S. is the King of blood purifiers, just what is needed for the cure of Rheumatism. Book on Rheumatism and any medical advice sent free.

JUST A MISTAKE, THAT'S ALL

In making our last important order for musical instruments from the European factory we mistook the price of a single violin for the price of a dozen. When the invoice came in we found that we had ordered one certain violin that would be cheap at \$100.00. The shipment has now reached us and we have made a special price of \$85.00 on this cremonatoned instrument.

It is a White Elephant on our hands but we would be glad for interested musicians to come and try it.

D. E. WILSON

The Book and Music Man at Harbour's Department Store.

Half Eagle of 1819 Is Sold for \$650.

Fourteen thousand dollars paid for rare gold and silver coins of the United States at an auction sale conducted by S. H. Chapman, at the salesrooms of Davis & Harvey, 1112 Walnut street, says the Philadelphia Record. Many record prices were obtained, and the total sales for the day—\$13,941.45—were the largest ever realized at one day's sale of coins in America. Many collectors declared that the sale was the most remarkable in their experience.

Gold, silver and copper coins collected by David S. Wilson, of Pittsburgh, now dead, went under the auctioneer's hammer. Only one-half of the \$254 sets was disposed of, and the remainder will be sold this afternoon. It is probable that the grand

total of prices offered by all bidders will be the largest recorded at a sale of coins.

Wilson's collection was considered one of the finest ever offered at auction. It contained many complete sets of the regular government issues, and the collection was fine.

"You must admit," said the aristocrat, "that blood will tell." "Right you are," rejoined the plebeian, "that's why I never confide a secret to my relatives."

It takes the base line of two worlds to get a correct elevation on any life.

Nothing pleases a little man more than an opportunity to act big.

Do You Think For Yourself?

Or, Do You Open Your Mouth Like a Young Bird and Gulp Down Whatever Food or Medicine May be Offered You?

If you are an intelligent, thinking woman, in need of relief from weakness, nervousness, pain and suffering, then it means much to you that there is one tried and true, honest medicine of known composition, sold by druggists for the cure of woman's ills.

The makers of Dr. Pierce's Favorite Prescription, for the cure of weak, nervous, run-down, over-worked, debilitated, pain-racked women, knowing this medicine to be made up of ingredients, every one of which has the strongest possible indorsement of the leading and standard authorities of the several schools of medical practice, are not afraid to print, as they do, the list of ingredients, of which it is composed, in plain English, on every bottle-wrapper.

The formula of Dr. Pierce's Favorite Prescription will bear the most critical examination of medical experts, for it contains no alcohol, no injurious to delicate women even in small quantities when long continued. Neither does it contain any narcotics, or other harmful or habit-forming drugs, and no agent enters into it that is not highly recommended by the most advanced and leading medical teachers and authorities of the several schools of practice. These authorities recommend the ingredients of Dr. Pierce's Favorite Prescription for the cure of exactly the same ailments for which this time-honored medicine is advised by its manufacturers.

No other medicine for woman's ills has any such professional endorsement as Dr. Pierce's Favorite Prescription has received, in the unqualified recommendation of each of the several ingredients by scores of leading medical men of all the schools of practice. Is such an endorsement not worthy of your consideration? It certainly is entitled to far more weight than any number of non-professional or lay testimonials. A booklet of ingredients, with numerous authoritative professional endorsements by the leading medical authorities of this country, will be mailed free to any one sending name and address with request for same. Address Dr. B. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots and is perfectly harmless in its effects in any condition of the female system.

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon; being unequaled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nerve "Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability,

nervous exhaustion, nervous prostration, neuritis, hysteria, spasms, St. Vitus's dance, and other distressing, nervous symptoms commonly attendant upon functional and organic diseases of the nervous system.

If a woman has bearing down, or dragging pains, low down in the abdomen, or pain in the backache, frequent headaches, dizzy or fainting spells, is nervous and easily startled, has gnawing feeling in stomach, sees imaginary floating specks, or spots before her eyes, has neuralgia, or "blues," or a weakening disagreeable drain from pelvic organs, she can make no mistake by resorting to the use of Dr. Pierce's Favorite Prescription. It will invigorate and tone up the whole system and especially the pelvic organs.

No woman suffering from any of the above symptoms can afford to accept any secret nostrum or medicine of unknown composition, as a substitute for a medicine like Dr. Pierce's Favorite Prescription, which is of known composition and has a record of over forty years and sells more largely to-day than ever before. Its makers withhold no secrets from their patients, believing open publicity to be the very best guaranty of merit.

Dr. Pierce's great thousand-page illustrated Common Sense Medical Advice will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound for 31 stamps. Address Dr. Pierce as above.

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. They are the original Little Liver Pills having been put out for sale by old Dr. Pierce over 40 years ago. Much imitated, but never equalled. One to three a dose. Tiny sugar-coated granules; easy to take as candy.

Dr. Pierce's Golden Medical Discovery is a most potent alternative, or blood-purifier, and tonic, or invigorator, and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder, curing a large per cent. of catarrhal cases, whether the disease affects the nasal passages, the throat, larynx, bronchia, stomach (as catarrhal dyspepsia), bowels (as mucous diarrhoea), bladder, uterus or other pelvic organs. Even in the chronic or ulcerative stages of these affections, it is often successful in effecting cures.

PRESCRIPTION TO CLEAN THE BLOOD.

Any one can easily mix the following prescription at home, which is said to be splendid because of its peculiar action upon the kidneys, which are made to properly filter and strain from the blood the impurities and poisons.

Get the ingredients, which are all of vegetable extraction and harmless, from any good pharmacy and mix them by shaking well in a bottle: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Take in teaspoonful doses after each meal and at bedtime. Drink plenty of good water, too. Those who require a good blood cleanser and system tonic, whose kidneys are weak and clogged up, should prepare this mixture and take as directed for a few days and note results.

BURGLARS IN MOTOR BOAT ROB SIEGEL RESIDENCE.

New York, March 23.—The country residence of Henry Siegel, near Mamaroneck, on Long Island Sound, was looted last night, and property worth \$100,000 was stolen by thieves, one at least of whom must have been familiar with the house, either as a guest or a servant. The theory that the robbery may have been engineered by some man who had visited at the house and moved in high social circles is given strength by the fact that the thieves were able to command a power boat to approach the mansion, which fronts directly on the water.

SLOT MACHINES

RUINED ONCE PRINCIPAL OF HUMBOLDT SCHOOLS.

Was Respected Citizen of Alton, Ill., Until Gambling Fever Came Upon Him.

Alton, Ill., March 23.—Albert C. Williams, formerly principal of the Humboldt school here and for years regarded as one of the leading educators in southern Illinois, was today admitted to the poor house at Edwardsville to end his days. He is nearly 55 years old, broken down with illness and misfortune, penniless and friendless. Seven years ago Williams was one of Alton's most respected citizens. He was rich as he goes here. His residence was one of Alton's most pretentious, his wife one of the most beautiful and cultured women. Then suddenly, when his life seemed headed to an honored old age, the gambling fever seized him. Once he dropped a nickel in a slot machine. That was the beginning of his downfall. In the seven years that have elapsed since then he has pined nickel by nickel and quarter by quarter, \$12,000, in slot machines. In 30 months he lost \$7,000. As he lost he learned to drink, and fell lower and lower. His wife divorced him. His school was taken from him, the men who had respected him, shunned him, and he became an outcast.

BERLIN WORLD'S FAIR IN 1913
German People Anxious to Celebrate 25th Anniversary.

Berlin, March 23.—It is regarded as certain that a world's fair will be held here in 1913. The movement is supported by leading merchants and influential politicians, who will address Chancellor von Bulow, urging the government to assist. The fair is intended to celebrate the 25th anniversary of the Kaiser's accession to the throne.

Uncle Joe's Postscript.
Representative Cushman, of Washington, came to Speaker Cannon with a letter written by the speaker himself.

"Mr. Speaker," he said, "I got this letter from you yesterday and I couldn't read it. After I studied it quite a spell I showed it to twenty or thirty of the fellows in the house, and, between, we have spelled out all the words except those last three. We can't make them out. I want to know if you won't translate those last three words?"

Uncle Joe took the letter and studied it. "Those last words that stuck you and everybody else," he said, "are 'Personal and Confidential.'"

"A Square Deal To Every Policy Holder"

Under this motto the COMMONWEALTH does business. The COMMONWEALTH is the only company issuing Industrial Policies that are payable PROMPTLY and IN FULL—no matter when death occurs. Other companies only pay one-half if the insured dies within one year. Read the following letter:

COMMONWEALTH LIFE INS. CO.,
Louisville, Ky.

Dear Sirs:—
I received today full settlement of policy No. 18767 for \$200.00 on the life of Lillie G. Bozaman who died March 12th.
I desire to thank you for your promptness in settling this claim and also want to say that the provisions of your policies are most liberal, especially the provision by which the policy is placed in FULL IMMEDIATE BENEFIT from date of issue. This policy was issued last July, only eight months in force, still your Company paid me in FULL for same, whereas any other company doing business in this State would have paid me only one-half or \$100.00.
Again thanking you for your promptness in settling this claim and assuring you that whenever the opportunity presents itself I will say a good word for the COMMONWEALTH.

Very truly yours,
(Signed) R. P. MORRIS,
Administrator.
Write a postal card to J. F. Nicholson, Superintendent of Industrial Department, Eagle Building, Sixth and Broadway, Paducah, Ky., and an agent will be glad to call and explain fully the many exclusive features of COMMONWEALTH Insurance. You do not obligate yourself in any way by talking it over.

"Bryan's name will be the only one presented to the next Democratic convention," he said. "Taft will be the Republican nominee. I believe that President Roosevelt is sincerely in favor of Secretary Taft as his successor."
